Honorable Glen Anderson
Congress of the United States of America
Rayburn House Office Building
Washington, D. C. 20515

Dear Mr. Anderson:

We beg you to exercise the influence of your office to intercede with the United States Central Intelligence Agency for the release of Ray Hooker and for his safe return to his home and loved ones. Ray Hooker was kidnapped by "contras" inside Nicaragua just a short while ago.

There is no longer any doubt that the C.I.A. is funding, arming, supplying, training and directing the bestial, terroristic "contras" against peaceful Nicaraguans, especially municipal leaders in communities near the Honduran border. This is unjust & politically un-wise.

Ray Hooker's case is no more worthy than any of the more than eighty Nicaraguans kidnapped since July of this year. But it must be noted that Ray Hooker is a former director of the Moravian (Christian) school in Bluefields and a teacher in the American School in Managua, is a candidate for office in the November elections, is not a member of the Sandinista National Liberation Front, and is respected throughout the country.

The United States must distance itself from the heinous crimes of the "contras", turn its Central American policy around, and try to regain a respectable position in Latin American affairs.

Respectfully,

STAT
